Maitreya Natura

HANDLING, STORING

Store in closed, well-filled containers, away from air, light and at stable temperature. As this product is subject to microbiological contamination, handle preferably with gloves and in a sterile atmosphere.

BACTERIOLOGY

Filtered with a polyethersulfone filter cartridge at 0.2µm at least, permitting the retention of 99.9% of germs

SPECIAL INDICATIONS

The presence of the following allergen substances in a finished product must be indicated by way of labelling if their respective concentration exceeds 100 ppm in a rinsed product and 10 ppm in a product not rinsed. (Annex III of Regulation (EC) N°1223/2009 of 30 november 2009 on cosmetic products)

Present allergens:

Eugenol, Linalol, Geraniol, Citral

IMPORTANT NOTE

This product has to be used in its entirety upon opening. If it is not possible, a preservative must be added to prevent microbiological contamination.
